We regret that no refunds will be made after the date that is one year (12 calendar months) after the date of the relevant conference.

Participants are responsible for making their own travel arrangements. It is recommended that you check your visa requirements with your local embassy or consulate. **We are unable to dispatch visa invitation letters to support your visa application prior to receipt of your registration form and full payment of registration fees.**

In any case, neither the organisers nor any of their officers, employees, agents, members or representatives shall be liable for any loss, liability, damage or expense suffered or incurred by any person, nor will they return any money paid to them in connection with the conference unless they are satisfied not only that the money in question remains under their control but also that the person who paid it has been unfairly prejudiced (as to which, decision shall be in their sole and unfettered discretion and, when announced, final and conclusive).

International Bar Association

the global voice of the legal profession

The International Bar Association (IBA), established in 1947, is the world's leading organisation of international legal practitioners, bar associations and law societies. The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world. It has a membership of more than 50,000 individual legal professionals and 205 bar associations and law societies spanning all continents and has considerable expertise in providing assistance to the global legal community.

Grouped into two divisions – the Legal Practice Division and the Public and Professional Interest Division – the IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to-date information. Through the various committees of the divisions, the IBA enables an interchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of law around the globe. Additionally, the IBA's world-class conferences provide unrivalled professional development and network-building opportunities for international legal practitioners, senior business professionals, regulators and government officials.

IBA Litigation Committee overview

The Litigation Committee focuses on the legal, practical and procedural issues involved in conducting litigation. Differences and developments in individual jurisdictions are compared. The issues arising in international litigation receive particular attention, including issues such as jurisdiction, choice of law, and the role of international judicial assistance in dispute resolution. Practitioners involved in larger scale or international litigation can debate topical issues and share their experiences of handling and solving the problems arising from such disputes. In particular, the committee seeks to explore the differences of approach between the common law and civil law traditions, and to encourage a dialogue between practitioners from these two systems.

Close links are maintained with various organisations such as the American Bar Association Litigation Section, the British Institute of International and Comparative Law and the Australian Corporate Lawyers Association.

The committee meets annually at the main IBA Conference and also has a specialist litigation conference generally held in May or June each year, together with regular seminars and events organised by the committee's local country chairs. The Annual IBA Conference also provides an occasion for the Young Litigators Forum to offer a forum for young lawyers to present papers and exchange ideas.

Committee members receive regular copies of the committee's newsletter which provides details of current activities plus recent developments in the law worldwide. Members also receive the biannual journal of the IBA's Dispute Resolution Section, *Dispute Resolution International*. Full details of the committee's Executive Committee and its regional and country Chairs are published in the newsletter, and are available on the IBA website. The Committee welcomes applications for membership from all lawyers with an interest in litigation.

IBA Corporate Counsel Forum overview

The mission of the Corporate Counsel Forum is to be the pre-eminent forum within the IBA for discussion, education and spokespersonship by, for and among corporate counsel, respecting the proper role and expectations of the professional acting for a corporation. A comprehensive publications and events programme further this mission.

In particular, the Forum wishes to assist its members in functioning effectively within corporate hierarchies, satisfying business objectives while rendering legal services to the corporation in accordance with the highest professional standards. The Forum seeks to maintain a particular focus on topics and themes of this nature which are currently relevant to its membership. At present, these include:

- selection of, liaison with and supervision of outside counsel;
- professional evaluation, development, privilege and responsibility in the corporate setting;
- globalisation and multi-jurisdictional practice;
- managing the corporate legal function; and
- corporate governance.

IBA European Regional Forum overview

The European Regional Forum was established in 1989 to provide a focus originally on the work undertaken by the IBA in developing the practice under changing legal systems of lawyers in Eastern and Central Europe. The Forum was also intended to act as a channel for IBA communication with the bar associations of these local lawyers.

Since 2004 the forum has been developing and strengthening the existence of the IBA within the whole of Europe by promoting the goals of the IBA to members, non-members and others, disseminating professional know-how, and assisting the committees and other constituencies of the IBA to increase their presence in the different neighbouring regions of Europe, including parts of North Africa and the Middle East.

The goals of the Forum include addressing current and long-term needs of professional organisations and individual members within the geographical reach of the forum, as well as increasing membership and participation in the IBA and integrating them within the organisation. The Forum will also facilitate cross-border activity between lawyers and bars in different European countries. It has a particular focus on cross-disciplinary activities.

The Forum seeks to facilitate relevant networking and information/experience sharing opportunities and encompasses the social and collegial interests of both members and potential members with other regional fora, the Corporate Counsel Forum and the Young Lawyers' Committee and all LPD committees in general.

At present the forum has around 7,700 members and its numbers continue to increase as it becomes one of the most integrated and dynamic fora of the IBA.

Working as integrated teams, the network allows Bredin Prat to advise its clients on their cross-border transactions and litigation matters while maintaining its high standard of expert advice.

Bredin Prat's relationships with its Best Friends are not exclusive. The firm is therefore always free to work with a client's preferred legal adviser in any jurisdiction if the client so wishes.
